

Office Conversion Reference: Document

An English source document converted locally to PDF for the Full-edition sample workspace.

What this reference demonstrates

Headings, a short table, and ordinary body text remain readable after local conversion. This is a fixed sample, not a benchmark or a guarantee about every Office document.

Check	Expected result
Open	The PDF opens locally.
Annotate	Annotations are saved separately.
Export	An annotated copy does not overwrite this original.

No online conversion service is used by this sample.
